

# ANGELO MARIBBAY

## Web Developer

Since I learned about programming, my primary focus has been on developing solutions that simplify complex processes, making tasks faster and easier for users. By leveraging the latest technologies and best practices, I ensure that every website I work on offers a seamless and efficient experience, ultimately helping individuals and businesses achieve their goals with minimal effort.

### EDUCATION

- University of Saint Louis Tuguegarao  
*Bachelor of Science in Information Technology*  
Completed in 2018
